

COUNTRY: SPAIN
Centre for the Development of Technology and Innovation (CDTI– E.P.E.)

CDTI participates in the following topics of the 9th JFS Call for Research Proposals:

General area: Climate Change Adaptation & Local Resilience

Topics:

- *Waste water treatment and reuse (industrial & municipal)*
- *Underwater and above-water biomass farms working with renewable energy*
- *Assessment and remediation of contaminated inorganic and organic soils*

Eligibility and funding modalities

Eligible Spanish applicants are companies, operating and registered in Spain and holding a valid Spanish company tax code (CIF). No minimum Spanish capital percentage ownership is required. Spanish subsidiaries of companies headquartered outside of Spain may also be eligible for support.

As per CDTI-E.P.E.'s internal regulations, the Spanish consortia should be led by a Spanish Company. Collaboration with other entities such as research centres, technological centres, universities, hospitals and other R&D-performing organisations is permitted under CDTI-E.P.E.'s regulations, as subcontractors of the Spanish companies present in the consortia.

Funding method and amount:

Funding conditions for Spanish partners may vary depending on the nature of the project. For more information please access:

<https://www.cdti.es/ayudas/proyectos-de-i-d>

Spanish tasks in the project cannot start before submitting the funding application to CDTI-E.P.E. For further information, please contact directly with CDTI-E.P.E.

Eligible cost categories

- *Personnel expenses (researchers, technicians and other ancillary personnel, provided that they are engaged exclusively in the research project).*
- *Instrument and material costs, to the extent and during the period in which they are used for the research project, including amortisations where appropriate.*
- *Contractual research costs, technical knowledge and patents bought or licensed from outside sources at market prices, and costs for consulting and equivalent services intended exclusively for the research activity.*
- *Additional general expenses resulting directly from the research project.*
- *Other operating expenses, including costs for material, supplies and similar products, which result directly from the research project.*

Additional regulations

Each proponent that requests funding from a JFS funder must carefully read the respective National Regulations and contact the National Focal Point for an informal eligibility pre-check before submission.

Before submission, it is advisable that each partner also reads the National Regulations of the other partners in the consortium, to understand and fit-in to the criteria specified in the partners' National Regulations.

Submission in addition to PT Outline submission

In addition to the submission of the proposal through the dedicated online tool (PT-OUTLINE) the Spanish applicants are requested to submit in parallel the proposal through CDTI-E.P.E. electronic submission services: <https://sede.cdti.gob.es/AreaPrivada/Expedientes/accesosistema.aspx> selecting: "Proyecto de I+D con Cooperación Tecnológica Internacional (PCTI) / Proyecto "Proyectos de Cooperación Tecnológica Internacional con certificación y seguimiento Unilateral" including the following documents:

- *International Application Form: signed version of the PT-OUTLINE generated PDF.*
- *Consortium Agreement in English whereby co-applicants should agree upon the ownership, access rights and exploitation of intellectual property generated during the co-operation. No prescribed format is provided. Similarly, the Consortium Agreement needs to be sealed (stamped) and signed by all co-applicants.*
- *Applicant's declaration stating that no financial support or benefit in connection to the same R&D proposal has been granted by any other Government funding agency.*
- *Applicant's statement on the type and category of enterprise ("Declaración sobre tipo y categoría de empresa").*

For more information, please contact our National Focal Point:
