SOUTHEAST ASIA-EUROPE
JOINT FUNDING SCHEME FOR
RESEARCH AND INNOVATION

BACKGROUND

The Southeast Asia (SEA) - Europe Joint Funding Scheme for Research and Innovation (JFS) is a network of funders from Southeast Asia and Europe, which launches Joint Calls for Proposals on an annual basis. The JFS is coordinated by the Global Service Facility (GSF), a project funded by the European Commission (EC).

The 2024 Science, Technology and Innovation (STI) Joint Call for Proposals (9th Call) is open for submission in the “Climate Change Adaptation and Local Resilience”, including:

- Waste Water Treatment and Reuse (Industrial and Municipal)
- Underwater and Above-Water Biomass Farms working with Renewable Energy
- Assessment and Remediation of Contaminated Inorganic and Organic Soils

Taking place in Hanoi, the JFS Information and Brokerage Event is part of a series aiming at fostering international cooperation in research and innovation (R&I) between the ASEAN and the EU. This event will provide all relevant information about the SEA-Europe JFS and related activities as well as the eligibility criteria for applicants for the currently open Call for Proposals. The submission tool will also be presented in detail.

To support the set-up of strong consortia for the submission of high-quality project proposals, selected speakers from Southeast Asian and European entities (e.g. public and private research institutes, companies, SMEs, Start-ups and NGOs) that are seeking partner organisations will present their expertise, institutions, project ideas and the profiles of partners that they are searching for.

TARGET GROUP

Representatives of **Southeast Asian or European entities** that are interested in **bi-regional research** and related to the aforementioned areas.

| Brokerage-Session Part I: Pitching - hybrid 15:00 – 18:00 ICT 10:00 – 13:00 CEST Moderator: Ms. Sronkanok TANGJAIJIT , Senior Program Officer for JFS Secretariat | | |
|--|--|---|
| 15:00 – 15:05 ICT 10:00 – 10:05 CEST | Opening of brokerage session | Ms. Sronkanok TANGJAIJIT |
| 15:05 – 17:30 ICT 10:05 – 12:30 CEST | 16 presentations of project ideas consecutively (each presentation of 5 minutes with 3 minutes for Q&A). | <p><u>Topic 1: Waste Water Treatment and Reuse (industrial & municipal)</u></p> <p>0. Mr. Utku ÇİL [TR] – Virtual – Project Title: Advanced Quantitative Analysis for Optimal Industrial Water Management and Efficiency</p> <p>1. Dr. Surya Hermawan [ID] Project Title: Sustainable Brackish Water Treatment in Remote Indonesia: A Zero-Waste, Renewable Approach</p> <p>2. Dr. Khajornsak Nakpan [TH] Project Title: Innovative Synthesized Melanin from Soil as a Textile Substitute for Creating Low-Carbon Garments with Focus on Wastewater Treatment and Reuse</p> <p>3. Dr. Kitichai Chaiseeda [TH] Project Title: Advanced Photocatalytic Degradation</p> <p>4. Dr. Le Van-Giang [VN] Project Title: Recovery of Nitrogen, Phosphorus, and Potassium from Swine Wastewater for Use as Slow-Release Fertilizers in Vietnam</p> <p><i>5 minutes pause</i></p> <p>5. Dr. Pechladda Petchpakdee [TH] Project Title: Climate-Responsive Wastewater Management: Enhancing Urban Resilience in Khon Kaen and Surrounding areas</p> <p>6. Dr. Sathaporn Monprapussorn [TH] Project Title: Spatial Planning of Treated Wastewater Reuse in Agricultural Irrigation Under Climate Change</p> <p>7. Dr. Wilasinee Yoochatchaval [TH] Project Title: Nutrient Recovery from Swine Wastewater by Photobioreactor and Bio-Trickling Filter</p> <p><u>Topic 2: Underwater and Above-Water Biomass Farms working with Renewable Energy</u></p> <p>8. Dr. Cuong Manh Duong [VN] Project Title: Potential of Marine Algae as a Biomass Source for Renewable Energy and Livestock Food in Viet Nam</p> <p><i>5 minutes pause</i></p> <p><u>Topic 3: Assessment and Remediation of Contaminated Inorganic and Organic Soils</u></p> <p>9. Dr. Mohammad Naufal [ID] Project Title: Bedulang Impact: Creating Low Carbon Agriculture and Regenerative Tourism in Belitung</p> |
